# PRIYANSHU KUMAR

“.S U \_B.Tech CSE (AI & ML) || 2nd Year Student || Research Assistant || Passionate about, Data Scientist || Machine Learning || AI Developer.”

Patna, Bihar, India

## Summary

B.Tech student in Computer Science and Engineering (AI & ML) at Sandip University, passionate about exploring Artificial Intelligence, Machine Learning, and Data Science.

I enjoy learning how data and algorithms can solve real-world problems. Skilled in Python, C, MySQL, and DBMS, and always eager to work on projects that build strong foundations in programming and AI concepts.

At Sandip University, actively contributes as a Class Representative by organizing academic and cultural events, fostering teamwork, and honing leadership abilities. Passionate about solving data-driven challenges and committed to pursuing a career as a Machine Learning Engineer.

---

## Experience

### Self-learning / Personal Project

Research Assistant

October 2025 - Present (2 months)

India

I'm a B.Tech CSE (AI & ML) student with interest in Machine Learning and Artificial Intelligence.

Currently learning Python, C, Data Structures, Database Systems, and MySQL, and applying this knowledge to understand real-world AI concepts. As a Class Representative, I actively take part in organizing academic and cultural events, improving teamwork and leadership skills.

I'm passionate about solving data-driven problems and aim to become a Machine Learning Engineer in the future.!
